BERKELEY S PHILOSOPHY: SECTION XIV. Bishop Berkeley is best known by the system of idealism developed by him. This theory is unfolded in two works, called The Principles of Human Knowledge/ and Three Dialogues between Hylas and Philonous. t If it were not for this system, the name and works of Berkeley, like many more good and great men, would have fallen into a state of entire obscurity. But so long as the various systems of mental science will be studied, the name of Berkeley will be mentioned and his works studied. As yet his theory of idealism, and works in general, have not been so generally read and digested, as they have been The book called, The Principles of Human Knowledge, was published in 1710, by Aaron Rhonies, for Jeremy Pepyat, bookseller in Skinner Row, Dublin; and was the only...
