

Plant and Animal Children: How They Grow (Classic Reprint)

By Ellen Torelle

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Plant and Animal Children: How They Grow This book attempts to express in simple language the essential facts and principles of growth and development in plant and animal life and to show the relation of these facts and principles to human life. It is written especially for the pupils of the elementary schools. It aims to make clear the ideas of evolution, heredity, variation, effect of environment, and the evolution of sex, without once mentioning these names. In this it is a departure from that tradition in education which has held that such ideas are the exclusive prerogative of the college-bred. The author has demonstrated in practical work in the public schools that children are not only greatly interested in the study of plant and animal life when this study is progressive and related to human life and its problems, but that children are also able to comprehend the subject-matter of botany and zoology when this is expressed in language suitable to their comprehension. The need for instruction in morals in the schools is receiving...
