Building a new business inside an existing organization is a daunting task. It takes a unique combination of competencies to lead these initiatives. The book describes the competencies of successful corporate entrepreneurs and entrepreneurial leaders. It also reveals the obstacles and hidden barriers these executives encountered as they created the entrepreneurial culture necessary for success. Most valuably the book offers a practical look at corporate entrepreneurship, entrepreneurial leadership, innovation, and execution. The book is based on research conducted with a group of experienced corporate entrepreneurs across a diverse set of industries.
