FRANKFURT

Signal Books Ltd. Paperback. Book Condition: new. BRAND NEW, Frankfurt, Brian Melican, Frankfurt is a city that punches well above its weight. Despite its diminutive size--it has fewer than a million inhabitants--it is a financial centre of global importance, named alongside metropolises and capitals such as Tokyo, London, and New York. Yet Frankfurt is a city that is also continually underestimated: many of the millions who visit it on business--both German and from other countries--see little more of it than its airport and its skyscrapers. The city's role in the global financial markets often obscures its importance as a historical and cultural centre, not just for Germany, but for Europe and the West as a whole. In the Middle Ages, Frankfurt was the city in which the Holy Roman Emperors were crowned and in which, at the dawn of the Renaissance, a tradition of printing and publishing was established which lives on in today's Frankfurt Book Fair. Architecturally, too, the city has always been a pioneer: its famous skyline is only the latest and most visible in a series of bold experiments. Frankfurt has always been a capital without a country: the capital of the book trade, the capital of modern social studies, the capital of the Eurozone. Today, it rivals Brussels, Berlin, Paris, and London, and yet retains a deeply provincial, down-to-earth identity interwoven with the thick forests and farming country of its Hessian hinterland. While its population is one of the world's most international, its dialect is one of Germany's most impenetrable. For those looking to do more than just change flights or...
