McGraw-Hill Medical/Jaypee Brothers Medical Publishers, 2010. Softcover. Book Condition: New. 2nd edition. **Deja Review: Microbiology and Immunology** boils down your coursework to just the critical concepts you need to know for exam success. This unbeatable guide features a quick-read, two-column "flashcard" Q&A format--specifically designed to help you remember a large amount of pertinent information in the least amount of time possible. The format allows you to zero-in on only the correct answers to promote memory retention and get the most out of your study time. Great for last minute review of high-yield facts, **Deja Review** provides a straightforward way for you to assess your strengths and weaknesses so you can excel on your course exams and the USMLE Step 1. Active recall questions allow you to understand, not just memorize, the content. Clinical vignettes at the end of chapters prepare you for board-style questions. Portable size for study on the go--fits in your white coat pocket. Bookmark included to guide you through easy-to-use flashcard presentation. Table of contents.
