

Syllabus of a General Course on the Theory and Practice of Teaching in the Secondary School (Classic Reprint)

By Julius Sachs

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Syllabus of a General Course on the Theory and Practice of Teaching in the Secondary School The accompanying syllabus indicates the series of topics treated in a General Course on Secondary Education. It does not profess to cover every question that may be legitimately related to the field of inquiry; and the outline here offered is to be considered primarily suggestive of the trend pursued. The references to the literature of the subject make no claim to completeness; the books and articles quoted have helped in a positive and negative sense to mold the views set forth in the lectures; if to some readers there appears more than the usual attention to works in foreign languages, it may at least remind students of education, how valuable an acquisition to them the mastery of German and French is likely to be. At the same time a valuable opportunity for comparison of foreign and American methods of investigation is afforded which will enable us to appreciate a number of careful recent American studies. In the second half...

Reviews

Merely no words to explain. I really could comprehend everything out of this published e book. I found out this publication from my dad and i suggested this publication to learn.

-- **Prof. Margarita Ledner PhD**

This written pdf is fantastic. It normally is not going to expense a lot of. It is extremely difficult to leave it before concluding, once you begin to read the book.
